

< Marine Organism Rearing Log >

9 AM, August 17, 2023

Weather: Sunny

Water temperature: 18.3°C

The tenth video in the "TEPCO Shorts. ALPS Treated Water" series, which answers various questions about ALPS treated water, focuses on marine organism rearing tests. This video uses illustrations to explain a lot of the content included in the rearing log, so please have a look!

TEPCO Shorts. ALPS treated water
What do we aim to demonstrate through marine organism rearing tests?
