## Work Schedule of the Main Inspection/Restoration of the Kashiwazaki-Kariwa Nuclear Power Station in Response to the Niigata-Chuetsu-Oki Earthquake (during 4 Weeks) (1/2)

[Inspection/Restoration Status]

From August 30, 2009 (Sun) to September 26, 2009 (Sat)

|           | System / Equipment    | Items  | August 30 (Sun) to September 5 (Sat) September 6 (Sun) to September 12 (Sat) September 13 (Sun) to September 19 (Sat) September 2 | 0 (Sun) to September 26 (Sat) Status of Inspection / Restoration  |
|-----------|-----------------------|--|---|---|
| Jnit No.1 | Turbine facilities    | Turbine inspection   |   | High-pressure turbine and low pressure turbine (A) (B) (C) detailed inspection commenced on Nov. 17, 2008.  |
|           | Other facilities      | Main transformer inspection  |   | Carrying in and installation work commenced on Apr. 20.   |
|           |                       | House transformer inspection   |   | 1A, 1B Carrying in and installation work commenced on Mar. 30.  |
|           |                       | Excitation transformer inspection  |   | Carrying in and installation work commenced on Mar. 30.   |
|           |                       | Main generator inspection  |   | Inspection commenced on Feb. 7, 2008.   |
|           |                       | 500kV power cable inspection   |   | Laying cables commenced on Jun. 2.  |
|           |                       | Main exhaust duct inspection / restoration   |   | Restoration of substruction commenced on Dec. 1, 2008. Restoration work of main exhaust duct commenced on Jul. 29, 2009.  |
|           |                       | Circulating water pipe inspection  |   | Foundation improvement, excavating work, and inspection of pipes commenced on Aug. 6, 2008.   |
|           | Seismic reinforcement | Seismic reinforcement works such as pipe supports  |   | Reinforcement work commenced on Jul. 16.  |
|           |                       | Seismic reinforcement works for reactor building overhead crane  |   | Reinforcement work commenced on Jun. 9.   |
|           |                       | Seismic reinforcement works for stack (Unit No.1 and Unit No.2)  |   | Reinforcement work commenced on Jul. 27.  |
|           |                       | ` '  |   |   |
|           |                       | Seismic reinforcement works for the fuel handling machine  |   | Reinforcement work commenced on Jan. 30.  |
|           |                       | Seismic reinforcement works for emergency intake channel   |   | Foundation improvement work commenced on Feb. 9.  |
| Jnit No.2 | Reactor facilities    | Reactor recirculation piping preventive maintenance  |   | Perparation work commenced on Dec. 16, 2008. Ultrasonic testing completed on Sep. 3.  |
|           | Turbine facilities    | Turbine inspection   |   | High-pressure turbine and low-pressure turbine (A) internal inspection completed.   |
|           | Other facilities      | House transformer inspection   |   | Transportation into the factory is underway.  |
|           |                       | Excitation transformer inspection  |   | Transportation into the factory is underway.  |
|           |                       | Main generator inspection  |   | Inspection commenced on Mar. 19, 2008.  |
|           |                       | Main exhaust duct inspection / restoration   |   | Preparation for restoration work commenced on Aug. 9, 2008. Restoration of substruction commenced on Dec. 1, 2008.  |
|           | Seismic reinforcement | Seismic reinforcement works for the roof truss of the reactor building                                       |   | Reinforcement work completed on Aug. 21.  |
| Jnit No.3 | Turbine facilities    | Turbine inspection   |   | High-pressure turbine and low-pressure turbine (A) (B) (C) detailed inspection commenced on May 7, 2008.  Low-pressure turbine (A) (B) restoration work of blades commenced on Jun. 25, 2008. (Replacement of wear and contacted blades.) |
|           | Other facilities      | Main transformer inspection  |   | Carrying in and installation work commenced on Aug. 10.   |
|           |                       | House transformer inspection   |   | 3A, 3B Installation work commenced on Nov. 18, 2008.  |
|           |                       | Excitation transformer inspection  |   | Installation work commenced on Nov. 18, 2008.   |
|           |                       | Main generator inspection  |   | Inspection commenced on Feb. 20, 2008.  |
|           |                       | Inspection of power supply input transformer of the primary loop recirculation system adjustable speed drive |   | Transformer (B) carrying in and installation work commenced on May 27. Transformer (A) carrying in and installation work commenced on Ju  |
|           |                       | 500kV power cable inspection   |   | Laying cables commenced on Jul. 17.   |
|           |                       | Main exhaust duct inspection / restoration   |   | Preparation for restoration work of main exhaust duct completed on Aug. 26, 2009. Restoration work to be commenced on Sep. 3. Restoration work of substruction commenced on Jan. 9.   |
|           |                       | Circulating water pipe inspection  |   | Foundation improvement, excavating work, and inspection of pipes commenced on Jun. 16, 2008.  |
|           | Seismic reinforcement | Seismic reinforcement works for stack  |   | Reinforcement work commenced on Jul. 21   |
| nit No.4  | Turbine facilities    | Turbine inspection   |   | High-pressure turbine and low-pressure turbine (A) (B) (C) detailed inspection commenced on Aug. 3.   |
|           | Other facilities      | Main transformer inspection  |   | Carrying in and installation work commenced on Aug. 28.   |
|           |                       | House transformer inspection   |   | Carrying in and installation work commenced on Sep. 2.  |
|           |                       | Excitation transformer inspection  |   | Carrying in and installation work commenced on Sep. 2.  |
|           |                       | Main generator inspection  |   | Inspection commenced on Jan. 15, 2008.  |
|           |                       | Inspection of power supply input transformer of the primary loop recirculation system adjustable speed drive |   | Carrying in and installation work commenced on Jun. 12.   |
|           |                       | Main exhaust duct inspection / restoration   |   | Preparation for restoration work commenced on Jun. 23, 2008.  |
|           | Seismic reinforcement | Seismic reinforcement works for the roof truss of the reactor building                                       |   | Reinforcement work to be conducted from May 18 to Sep. 7.   |
|           |                       | Seismic reinforcement works for stack  |   | Reinforcement work commenced on Jul. 6.   |

[Inspection/Restoration Status] Work Schedule of the Main Inspection/Restoration of the Kashiwazaki-Kariwa Nuclear Power Station in Response to the Niigata-Chuetsu-Oki Earthquake (during 4 Weeks)(2/2)

◆From August 30, 2009 (Sun) to September 26, 2009 (Sat) August 30 (Sun) to September 5 (Sat) | September 6 (Sun) to September 12 (Sat) | September 13 (Sun) to September 19 (Sat) | September 20 (Sun) to September 26 (Sat) System / Equipment Items Status of Inspection / Restoration Unit No.5 Turbine facilities urbine inspection High-pressure turbine and low-pressure turbine (A) (B) (C) detailed inspection commenced on May 25. Other facilities Main transformer inspection Carrying in and installation work commenced on Mar. 25. 5A, 5B Carrying in and installation work commenced on Apr. 25. louse transformer inspection Carrying in and installation work commenced on Mar. 2. xcitation transformer inspection 500kV power cable inspection Laying cables commenced on Aug. 10. fain exhaust duct inspection / restoration Restoration work of duct to be conducted from Jun. 8 to Oct. 10. oundation improvement, excavating work, and inspection of pipes commenced on Oct. 25, 2008 irculating water pipe inspection eismic reinforcement eismic reinforcement works such as pipe supports Reinforcement work commenced on Apr. 28. smic reinforcement works for reactor building overhead crane Reinforcement work completed on Aug. 28. Reinforcement work commenced on Jun. 23. smic reinforcement works for stack ismic reinforcement works for the fuel handling machine Reinforcement work to be conducted from Apr. 23 to Sep. 24. Test of raising the reactor pressure to approx. 3.5MPa conducted on Aug. 28. Test of raising the reactor pressure to approx. 7.0MPa conducted on Aug. 29. Functional test for the entire plant Unit No.6 inspection after activating a main turbine generator conducted on Aug. 30. inspection after temporary main generator synchronization conducted on Aug. 31. aspection after generating power at approx. 20% of the rated output conducted on Sep. 2. Unit No.7 unctional test for the entire plant Final evaluation of functional tests for the entire plant completed on Jun. 19. Fransformer (common) / Switch Yard ligh-voltage start-up transformer #2 inspection ransportation into the factory is underway Jnit No.1 Restoration work commenced on Oct. 4, 2008. Init No.2 Preparation for restoration work commenced on May 20, 2008. On-site check / inspection / restoration of the oil protection bank for the transformer Unit No.4 Restoration work completed on Aug. 28, 2009. Scrubbing of soil contaminated by oil leakage completed on Aug. 25, 2009. vironmental Facilities House boilers inspection 1A Inspection to be conducted from Apr. 8, 2008 to late November 2009. estoration work of No.1 demineralized tank commenced on May 26. estoration work of filtrate tank / demineralized tank on Arahama-side Restoration work of No.1 filtrate tank commenced on Jun. 1. revention countermeasure for drum falling commenced on Jan. 16. Restoration work for solid waste storage facility estoration work for administration building / information building, etc. Restoration work for administration building and information building is underway. einforcement works for spent fuel transportation cask storage building eparation for reinforcement work commenced on Aug. 24. Reinforcement work to be commenced in early October onstruction of seismic-isolated essential buildings Construction commenced on Oct. 14, 2008 estoration of laundry facility building on Arahama-side estoration work commenced on Jan. 30. econstruction of arrestor steel tower on Arahama-side econstruction commenced on Jun. 17. Reconstruction to be commenced on Sep. 3. Restoration work for roads inside and outside of the site currently in progress estoration and reinforcement work for the on-site / outside roads & slope, etc. Maintenance work of the slope in front of sub protection headquarter office commenced on May 13. testoration work of Daini Takamachi Bridge commenced on May 12. Restoration work for port facility Restoration work for bank protection commenced on Apr. 3, 2008.

<sup>\*</sup> Inspection results for each facilities will be announced as soon as they compiled.

<sup>\*</sup> Inspection and restoration work and execution date for each item may alter according to the situation.
